

COM 211 Team Assignment 2 – SWOT Analysis

Based on your knowledge of what a SWOT analysis is and how to construct one, each team should create a SWOT analysis for the business they have chosen for their final project.

- While all team members should work on this assignment, it will be submitted on a team basis.
- Be sure to have at least three arguments or examples for each part of the SWOT analysis.
- This will be submitted as a group assignment, so only one person needs to submit. Choose a team member to take responsibility for the submission.
- Submit the completed assignment to the Team Assignment 2 dropbox by midnight **October 22, 2023**.
