

## COM 211 Team Assignment 4 - Final Project Oral Presentation Slides

- Each team will prepare a slide presentation to accompany their final project oral presentation. These slides will be submitted as part of the team's oral presentation grade.
- For purposes of this assignment ONLY, your slide presentation may be converted to a PDF and submitted or it may be submitted as a Powerpoint file. Your team submission MUST be in one of these forms.

- Teams should observe guidelines discussed in class for creating slide presentations. Those guidelines include choosing an effective design, considering the importance of contrast between the text and the slide background, including images and other types of media that will enhance the interest of your team's presentation. Also keep in mind the "4 to 6" rule: 4 to 6 words per bullet point; 4 to 6 bullet points per slide – and that it's not actually a rule.
- This is a group/team assignment. Only one team member needs to submit the document. Please submit this to the Team Assignment 4 dropbox by midnight **December 5, 2023**.
